Islesford
Sunday afternoon

Dear Eleanor:

Minnie wrote to Mrs. Hall that you have not been feeling well. Please let me know at once if you should ever feel seriously ill. I must be sure that "no news is good ~~news~~ news" and that you would send word immediately whenever necessary. One week has gone - nearly - and 2 more will pass - slowly - but eventually - if I can be patient.

Please write often. I have many many things to tell you - so many that I shall have to keep them until I get back. I went to service this morning at the chapel here on the Island. It is a sort of undenominational chapel.

The service was by the "Sea Coast Mission" that does very good work along the coast. I have a book for you to read - "The Gypsy Trail" - I got it in Boston. Shall I send it or bring it back with me? It has been foggy and damp here but to-day the sun is shining. I hope it is for you too.

(2nd sheet front)

I will write again soon. Just send word as soon as you receive this telling me how you are. Please tell Jim that Charlie Stryker is to bring vegetables to you. Has he done so? How I am wondering "where are you now!" How much I wonder while I am away! It is such a wonderful world! And a true one - and loyal - as ever
